DIAMOND CORE CUTTER SETS

45mm & 60mm set for plumbing installation

65mm & 80mm set for air conditioning installation

Diamond Core Cutter

in Blow Mould Case

with Colour Sleeve

Long & Short Shanks

Diamond Cup

Pilot Drill & Drift Key

This Diamond Core Cutter Set includes:

- 65mm (45mm) and 80mm (60mm) size cups
- Easy assembly of cups and SDS shanks with long and short extensions for different cutting depths
- 4 spare pilot drills
- All packed in a blow mould case

We also supply cups: 70, 85 & 115mm suit 65, 80 & 110mm pipes

It is used for drilling through building materials such as brick, masonry and concrete with soft or hard aggregate and light or medium steel reinforcing and also effective for granite, marble and stone.

It offers quickest, cost effective and stronger cutting performance by 5 diamond blades compared with conversional diamond core drills.
