### TUNGSTEN CARBIDE GRIT CORE CUTTER SET (For Air Conditioning Installation)

TCG Core Cutter

in Blow Mould Case

with Colour Sleeve

Long & Short Shanks

TCG Core Cutter Cup

Pilot Drill & Drift Key

This Tungsten Carbide Grit Core Cutter Set includes:

- 65mm and 80mm size cups
- Easy assembly of cups and SDS shanks with long and short extensions for different cutting depths
- 4 spare pilot drills
- All packed in a blow mould case

It is used for wet drilling through building materials such as brick, masonry, slate, ceramic wall tiles, etc., but it is not suitable for reinforced concrete.

It is designed to drill hole smoothly through brick wall without “blow out” compared with conventional core drills.
