TCT CORE CUTTER SET

FEATURES: (For Plumbing Installation)

- Two specific size cups (45mm & 60mm) suit 40mm&50mm pipes
- Long and short extensions with SDS shanks for different cutting depths
- 4 spare pilot drills
- All packed in a blow mould case

We also supply cups: 70, 85 & 115mm suit 65, 80&100mm pipes

RECOMMENDED USAGE FOR TCT CORE CUTTERS

CUTTING

Can be used on either rotary or hammer drills. For the best results, rotary offers better cutting on low speed and high torque. Clean cups regularly of material being cut.

RECOMMENDED MATERIALS

Masonry***

Limestone***

Concrete*

*** Excellent results, * Can result in excessive wear to cutters
